OFFICIAL ANTI-CHEAT POLICY

Season 2026

Version 1.0
Effective Date: 1 March 2026

---

1. PURPOSE

The Anti-Cheat Policy establishes mandatory integrity standards to ensure fair, transparent, and equal competition for all participants.

The objectives are to:

- Protect sporting integrity
- Prevent unfair competitive advantage
- Safeguard championship credibility
- Enforce technological compliance

All registered drivers, teams, engineers, and affiliated personnel are bound by this policy.

---

2. ZERO-TOLERANCE PRINCIPLE

The Championship operates under a strict zero-tolerance approach toward:

- Cheating
- Exploitation
- Manipulation
- Collusion

Violations may result in permanent exclusion.

---

3. PROHIBITED SOFTWARE

Drivers are strictly prohibited from using:

- Input modification software
- Macro automation tools
- Scripted throttle/brake assistance
- Third-party telemetry injection software
- Game file modification tools
- Memory editing applications
- Real-time performance enhancers

Only officially approved software may run during sessions.

---

4. HARDWARE MANIPULATION

The following are prohibited:

- Modified controllers designed to automate inputs
- Programmable hardware macros
- Rapid-fire trigger modifications
- External mechanical throttle assist devices
- Input smoothing hardware

All equipment must comply with manufacturer standards.

---

5. GAME EXPLOITATION

Drivers may not:

- Exploit unintended game physics behavior
- Use known glitch techniques
- Intentionally trigger desynchronization
- Abuse safety car bugs
- Manipulate delta timing systems

Discovery of exploit use may lead to retroactive disqualification.

---

6. ACCOUNT SECURITY & SHARING

Drivers must:

- Use only their registered account
- Not share login credentials
- Not allow substitute driving without approval

Account sharing constitutes severe violation.

---

7. GHOSTING & EXTERNAL ASSISTANCE

During official sessions, drivers may not:

- Receive real-time strategic assistance from unauthorized third parties
- Be coached live by external individuals beyond approved team engineer
- Share live onboard screen with competitors

Unauthorized live assistance is considered competitive manipulation.

---

8. COLLUSION & MATCH MANIPULATION

The following are strictly prohibited:

- Coordinated race result manipulation
- Intentional position swaps for championship benefit
- Artificial safety car triggering
- Blocking competitors for strategic benefit outside fair racing

Collusion penalties may extend to entire team.

---

9. MONITORING & INVESTIGATION

The Championship reserves the right to:

- Request raw gameplay footage
- Require live camera verification of driver environment

- Conduct random hardware inspection
- Review telemetry and input data
- Analyze suspicious driving patterns

Failure to cooperate constitutes admission of non-compliance.

---

10. REPORTING PROCEDURES

Any participant suspecting violation must:

- Submit formal complaint
- Provide evidence (video, telemetry, screenshots)
- Avoid public accusations without proof

False or malicious accusations may result in disciplinary action.

---

11. PENALTIES

Depending on severity, sanctions may include:

- Official warning
- Time penalty
- Grid penalty
- Race disqualification
- Championship points deduction
- Event suspension
- Season ban
- Permanent competitive ban

Serious offenses may result in retroactive removal of titles.

---

12. RETROACTIVE ENFORCEMENT

If evidence of cheating emerges after event conclusion:

- Results may be amended
- Points may be revoked

- Championship standings adjusted

No time limitation protects proven violations.

---

13. DATA PRIVACY & COMPLIANCE

All monitoring shall:

- Respect data protection standards
- Be limited to competitive integrity purposes
- Remain confidential unless disciplinary action required

---

14. APPEALS

Appeals may only be submitted if:

- New technical evidence exists
- Procedural error occurred

Appeals must be filed within specified time window.

---

15. FINAL AUTHORITY

The Integrity Panel retains final authority regarding:

- Investigation outcome
- Sanction severity
- Permanent eligibility status

All decisions are binding.
